L'école le Sommet à Montréal est reconnue pour son excellent travail auprès des enfants et adultes à besoins particuliers au Canada. Chaque année, l'école organise un tirage pour ramasser des fonds pour acheter du nouveau matériel, financer les événements de l'école et améliorer les ressources disponibles aux étudiants et aux employés de l'école. L'année passée, l'école a ramassé plus de 31,000\$ en vendant plus de 15,000 tickets! L'organisation Beyond Me a décidé de supporter le tirage annuel de l'école Le Sommet en partageant leur mission et leurs valeurs pour vendre plus de billets! Nous encourageons aussi les mentors, buddies et les familles de Beyond Me à participer à ce magnifique projet en achetant des billets et en participant à la cause! Les gagnants seront annoncés via un *Live Draw* partagé sur le *Summit School Parent Committee Facebook Page* le Mercredi, 16 Décembre 2020.

Cliquez ici pour acheter des billets: <http://www.summitraffle.com/>

Dépassons l'objectif de 50,000\$ en supportant la cause ! Merci à tout ceux et celles qui participent à la cause!

Pour plus d'information, contactez le comité des Parents de l'école Le Sommet au 514-744-2867 ext. 231 - parentscomm@summit-school.com.

We're recruiting for January 2021!

For mentors (McGill Students): Are you a **dynamic, open-minded, creative and responsible** individual? Do you have **awesome skills** working with children? Beyond Me is for YOU!

For mentees (children aged 3-18): As a parent, are you looking for a student mentorship program, where your child will be able to develop **social, linguistic, cognitive, behavioral or physical skills**? Beyond Me is for YOU!

♥ Building friendships between McGillians and children & youth with disabilities

What is Beyond Me? Beyond Me is a student-run non-profit organization in Montreal that provides one-on-one mentoring and tutoring services for children and teenagers with special needs. The organization has grown since 2011 and we currently work with four organizations that cater to young people with disabilities. We give a student with special needs and a student volunteer from McGill the opportunity to be paired and develop a rewarding relationship.

How does the matching work? All children in the program are matched up with a McGill volunteer for one-on-one interaction throughout the year. The relationship between a buddy and volunteer can take on many forms, including homework help, language and play stimulation, social skills building through a social relationship, fun outings in the community, and short-term respite care for parents. The nature of a mentor and a buddy's relationship and the location of their meetings are flexible and completely dependent on the needs of the child and their parent or guardian.
